Where will students receive Radiopharmacy training?	
<b><u>Nuclear Pharmacy</u></b>	<b><u>City, State</u></b>
ISORX	Lubbock, TX
Additional Information that NM Students May Find Helpful	
The UMC Nuclear Dept. performs almost all of the Nuclear Medicine procedures that are available today. We currently have 3 Siemens E-cams and two ADAC cardiac cameras	
We have five Nuc. Med. Technologists that have a wide range of experience in the Nuclear Medicine field and we would be very helpful sources of information to any student. Our radiopharmacy is an independent pharmacy that also has ties to a PET facility in our area. The pharmacy would welcome the students and be very helpful in this training.	
Lubbock is a medical community in the heart of West Texas. We are only minutes from Amarillo and a few hours from Dallas and San Antonio. We have warm weather and clear skies and you can see the beautiful sunrises and sunsets from anywhere in Lubbock. We are not as crowded like the metropolitan area, so we have lots of space in which one can roam the range if they choose to. Come enjoy our wide open space!
