

UF Math Day Planned

Findlay, Ohio, March 12, 2001 — The University of Findlay has planned its 14th annual Mathematics Day for Tuesday, March 27.

A presentation titled "Optimal Stopping of Markov Chains, or How to Play Blackjack" will be given from 10 to 11 a.m. in Ritz Auditorium, Old Main. From 1 to 2 p.m. in Ritz Auditorium, "Mathematical Modeling of Stock Prices" will be presented.

The presenter for the day is Craig Zirbel, professor of mathematics at Bowling Green State University.

Math Day is open to the public. For more information, call 434-4543.
