Understanding Your Account

Financial Responsibility

It is the policy of the University that all fees must be paid or proper financial arrangements made with the Business Office one week before the session starts. If you do not pay the fall balance in full (Pay by Semester), we must have a UF Payment Agreement or the Ten Month Payment Plan on file in the Business Office. Students who fail to pay by semester or file a payment plan will not have access to certain campus facilities and events.

Tuition, Fees, Room & Board and Financial Aid

Students have 24/7 access to their account information. Login to MyFindlay, go to the **Students** tab and click on **Finance Information**. You can select **Course and Fee Statement** for anticipated billing and financial aid by semester. After the start of a semester, **Current Account Statement** will reflect the actual billing and financial aid by semester. Please carefully review your billing and financial aid information.

Student Account Credit Balances

To request a credit balance refund the student must be enrolled in enough credit hours to meet the minimum requirements for awarded financial aid and the aid must be posted to the student account resulting in an existing credit balance. Refund requests are subject to review by the Business Office. They are disbursed by BankMobile to the student based on their refund preference. Refunds will not be released before the Friday after classes start. Plan accordingly for books and other expenses.

Access Portal

The Access Portal is a service that allows UF students to grant access to their education records through an online tool. According to FERPA, parents/guardians must receive permission for this access before they can view certain records, including end-of-semester grades and financial aid information.
