

## July 14 Campus Update Regarding Fall Semester

To the UF Community:

As we prepare to begin fall semester classes in a few short weeks, we wanted to share the following information regarding plans for campus operations:

- The campus will be fully open and will follow normal operating guidelines for classes and events.
- Students who believe they will need an accommodation for a course should contact the [Office of Accommodation and Inclusion](#) or the [Oiler Success Center](#). Students will be asked to complete the Student Accommodation form when requesting specific accommodations from the University. You can download the form via this link:  [Student Accommodation Verification Generic Form.pdf](#).
- Employees who believe they will need an accommodation should contact the [Office of Human Resources](#). HR will work with the employee's supervisor, department chair, and/or dean to evaluate employee eligibility for accommodations. Employees will be asked to complete the Employee ADA form when requesting specific accommodations from the University. You can download the form via this link:  [Employee ADA form.pdf](#).
- Face coverings are not required, but individuals should consider wearing a face covering if they have not been vaccinated for COVID as a means of self-protection.
- Physical distancing will not be required.
- Occupancy limits for classrooms and other campus facilities that were reduced as a result of COVID protocols will no longer be in effect.
- Attendance limits for indoor/outdoor events that were put in place as a result of COVID protocols will no longer be in effect.
- Outside visitors will be permitted on campus.
- Outside groups wishing to rent UF facilities will be able to do so once regular classes resume in August.
- Vaccinations, while strongly encouraged, will not be required.
- Proof of vaccination will not be required, but we will be sending out a separate survey asking people to voluntarily disclose if they have been vaccinated so we can report our percentage vaccinated to the Health Department.
- Cosiano Health Center will continue to be able to provide COVID testing and COVID vaccinations as needed.
- Encouraging daily practices that help to reduce the potential spread of viruses will remain an important focus.

The University of Findlay is participating in the [COVID-19 College Vaccine Challenge](#), and more information about that will be shared in the coming weeks.

If you would like to access any of the other campus updates that have been sent out over the past months, please visit the [Coronavirus Disease \(COVID-19\) Information](#) web page. Links to all updates are located in the Campus Communications section. If you have suggestions or questions, please email them to [coronavirus@findlay.edu](mailto:coronavirus@findlay.edu). Additionally, we would encourage you to download the Oiler Mobile App (available at App Store and Google Play), and enable push notifications. Thank you, and enjoy the rest of your summer.

Regards,

**David Emsweller**

Vice President for Student Affairs and Enrollment Management
