

## September 4 COVID Case Data Update

To the UF Community:

As we complete the third week of classes, I want to share current COVID-19 data from the Cosiano Health Center by directing you to our [COVID-19 Dashboard](#) which provides current week and cumulative data. This week, we administered 42 tests. There are currently 11 active cases on campus. This web page will be updated each week, and we hope having this available is helpful.

As we enter the Labor Day weekend, I want to again ask for everyone to help us prevent the spread of COVID-19 by doing the following things:

- Off campus
  - Wear face coverings as required by the state of Ohio.
  - Maintain physical distance when around others.
  - Avoid group gatherings.
- On campus
  - Wear a face covering *inside* all buildings (classrooms, hallways, offices, public spaces, and common areas).
  - Wear a face covering *outside* when safe physical distancing from others (at least six feet) is not possible.
- On or off campus
  - Use the [Daily Health Monitoring Tool](#) every day.
  - Follow the [Oiler Pledge](#).

If you would like to access any of the other campus updates that have been sent out over the past months, please visit the [Coronavirus Disease \(COVID-19\) Information](#) web page. Links to all updates are located in the Campus Communications section. If you have suggestions or questions, please email them to [coronavirus@findlay.edu](mailto:coronavirus@findlay.edu). Additionally, we would encourage you to download the Oiler Mobile App (available at App Store and Google Play), and enable push notifications. As always, thank you for your understanding and thoughtful feedback.

Regards,

**David Emsweller**

Vice President for Student Affairs
