

## University of Findlay Anti-Hazing Report

As required by Ohio law, this report does not contain information that would violate the Family Educational Rights & Privacy Act (FERPA). The names of the particular students are not included below because the release of that information could allow a reasonable person at the University or in the community to identify the students involved with reasonable certainty. This report is the University's Bi-Annual Anti-Hazing Report.

In accordance with Section 3 of the Stop Campus Hazing Act (SCHA) and Collin's Law, the University's Bi-Annual Anti-Hazing Report is published on January 1 and August 1 of each year and includes information required by both statutes. Published reports between January 2023 and January 2025 include information compliant with Collin's Law. All other published reports fulfill requirements of both SCHA and Collin's Law.

If an incident involves drugs and/or alcohol, relevant information will be included in the "Description of Complaint." If a student organization is found responsible for a Policy violation, the "Date Resolved" will also be the date on which the student organization received notice of the finding.

A copy of the University's Anti-Hazing Policy can be found here: <a href="https://www.findlay.edu/offices/student-affairs/safety-wellness/anti-hazing">https://www.findlay.edu/offices/student-affairs/safety-wellness/anti-hazing</a>.

\*In July of 2025, the University's Office of Equity & Title IX was renamed to the Office for Civil Rights. References below are indicative of the same office.
