

Just a reminder:

- The UF APPE and IPPE Manuals are updated with links available on your CORE ELMS home page.
- ACPE guidelines require documented midpoint evaluations for APPE rotations and final evaluations for both IPPE and APPE rotations.
- Looking for your **preceptor evaluation**? It's available to you in CORE ELMS (RxPreceptor) as soon as you complete the evaluations of your student(s). The evaluation can help you perfect your teaching/precepting skills and alert you to any consistent problems your students could be experiencing.

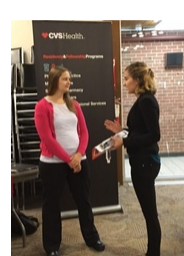

College of Pharmacy Receives 8-Year Accreditation

ACPE announced in mid-July that it had awarded the University of Findlay's College of Pharmacy an 8-year accreditation with the next accreditation visit scheduled for 2025. [Read more.](#)

Career Fair Networking Success!

Students from P1-P6 rated the **September 14, 2017** Career Fair a resounding success. More than 99 percent of those attending felt the Fair met their expectations and would recommend all students attend in the future. With 33 Hub Sites and other potential employers represented, the Career Fair provided opportunities for networking and exploration of clinical and retail environments. The next **Career Fair** is scheduled for **mid-September, 2018**. Watch your email for details!

P5 Placement Underway

Hub Site coordinators received notification of their assigned students the week of September 25. A reminder that Hub Sites have the option of meeting and/or interviewing students prior to their rotations. Our fall break (**Oct. 16 and 17**) or Thanksgiving break (**Nov. 22-24**) may be a good time to schedule these. Also, P5 students do not have classes on Fridays, allowing another day or long weekend for Hub Site interviews. If you do not wish to interview your student(s), please respond to their emails and offer to discuss the special population rotations at your site. Thank you for providing these essential educational experiences for our students!

COPH Homecoming Activities

The University of Findlay will "Build Upon Tradition" at its 2017 Homecoming, Oct. 20-22. The College of Pharmacy has scheduled activities for its friends and alums, including:

Annual Pharmal, Friday, Oct. 20, 8 p.m. [Click here](#) for reservations.

[5K Run/Walk](#), Sat., Oct. 21, 8 a.m., UF Academy of Student Pharmacists. Open to everyone!

COPH Open House, Sat. Oct. 21, 11:30 a.m.-1 p.m. Welcome graduates, faculty and potential students!

NAPLEX Prep

Note to all October rotation preceptors ... Our P6 students will be contacted to take a **pre-NAPLEX test** on-site during a one-week period in October. We request that October sites with a scheduled student offer a quiet environment where students can work uninterrupted for 140 minutes. Please ask your students how they felt they performed and what areas may have been difficult for them. This can be a great opportunity for you to assist students on overcoming weaknesses and reinforcing strengths.

Comparing Pharmacy Practice Purpose of Japan Trip

The September 2017 issue of Ohio Pharmacist magazine features a summer 2016 trip to Japan for five students and two members of the Experiential Education Department. According to **Tonya Dauterman, Pharm.D.**, director of experiential learning, the trip presented an opportunity for students

to compare common pharmacy practices in the inpatient, outpatient and academic settings between the U.S. and Japan. **Melinda Fleegle, RN, BSN, MBA**, experiential education specialist, accompanied Dr. Dauterman and the students on the trip.

Thank you for your time and for your contributions towards bettering our students of The University of Findlay College of Pharmacy!

For more questions or for more information about being a UF COP preceptor, contact any of the following:

Tonya Dauterman, Pharm.D., CGP, CDE, Director of Experiential Education (419)434-5449

Timothy Burkart, Pharm.D., BCPS, CGP, Assistant Director of Experiential Education (419)434-5783

Melinda Fleegle, BSN, RN, M.B.A., Clinical Education Specialist (419)434-5633

Barbara Lockard, M.A.E, Clinical Education Specialist (419)434-5462
