

PHAR 592 - Pharmacist Mentor Discussion

Student Name: _____

Pharmacist Mentor: _____

Date of Student-Mentor Discussion: _____

Mentee Directions: Come prepared to your mentor meeting with a copy of this document. You will also need to **prepare AT LEAST 2 goals for that you would like to achieve during your APPEs.**

Mentor Directions: During this meeting, the student should be pushed to reflect on their overall growth as an IPPE student and as a pharmacist. Please **discuss** and **document** the following questions with the student in addition to any other questions you'd like to discuss.

1. Looking back over your practice experiences, is there anything that still makes you feel uncomfortable in a pharmacy setting? (For example: do you feel like you have any knowledge deficits, do you struggle when dealing with upset patients, physicians or nurses, do you struggle when dealing with insurance, etc.?) What can you do to address these areas of weakness over the course of the next year?
2. What do you expect will be your biggest challenges as you enter your APPE rotations? How will you overcome them?
3. What goals would you like to set for your advanced practice experiences next year? Your goals need to be personal, specific, measurable, and realistic.
