

**Associate Degree to PharmD Agreement between**  
**The University of Findlay**  
**and**  
**Owens Community College**

This Associate of Science degree (prescribed Pre-Pharmacy courses) to PharmD referred to herein as “the program,” is entered into between The University of Findlay (UF), on behalf of the University’s College of Pharmacy, and Owens Community College (OCC), collectively referred to as the “Parties,” and is effective on the date when signed by all Parties.

WHEREAS, a central element of UF’s College of Pharmacy’s mission endeavors to provide pharmacy education in a diverse, supportive, student-centered environment that engages a collaborative practice of pharmacy care and related health disciplines; and

WHEREAS, OCC has the responsibility to education and facilitate appropriate career pathways for students enrolled in its programs of study; and

WHEREAS, the Parties have a shared interest in providing guidance and improving access for qualified students to UF’s Doctor of Pharmacy (PharmD) degree program;

WHEREAS, OCC and UF form a cooperative relationship through this Agreement by assisting qualified OCC students to earn an Associate of Science degree (prescribed Pre-Pharmacy courses) from OCC that will meet the prerequisite coursework requirements for entry into this Agreement and position these students to earn a Bachelor of Science with a major in pharmaceutical sciences and a PharmD from UF.

WHEREAS, UF in collaboration with OCC will establish a seamless matriculation pathway for qualified students as outlined below, beginning with the 2026-2027 academic year. Qualified students admitted to OCC may apply for admission to UF’s College of Pharmacy via an Associate of Science degree (prescribed Pre-Pharmacy courses) to PharmD Degree Program. Through this Agreement and by the followed attached curriculum guide (Appendix A), OCC students may earn an Associate of Science degree (prescribed Pre-Pharmacy courses) from OCC within two years, a bachelor’s degree from UF within four years, and a Doctor of Pharmacy from UF within six total years.

NOW THEREFORE, it is understood and agreed to by the Parties the following:

**A. POLICY**

OCC and UF for themselves, their successors, and assignees do hereby agree to launch the program in the 2026-2027 academic year, whereby OCC will offer and confer the Associate of Science degree (prescribed Pre-Pharmacy courses), and UF will offer and confer the Bachelor of Science with a major in pharmaceutical sciences and the Doctor of Pharmacy upon students who successfully complete the requirements of both degree programs.

For the purposes of facilitating the program, OCC will serve as the home school of the program until the Associate of Science Degree (prescribed Pre-Pharmacy courses) is earned, and will administer the financial aid and count students in its IPEDS data according to the rules and regulations of IPEDS until the OCC Associate of Science degree (prescribed Pre-Pharmacy courses) is conferred or the student transfers to Findlay. UF will subsequently serve as the host school for the complete of the Bachelor of Science and PharmD degrees and will thereby count students in its IPEDS data according to the rules and regulations of IPEDS. Both Parties acknowledge and agree that: program students who are admitted and enrolled in the Associate of Science Degree (prescribed Pre-Pharmacy courses) will be admitted to the program in accordance with the provisions of Sections 3 and 4. After completion of the Associate of Science Degree (prescribed Pre-Pharmacy courses), the student will no longer be enrolled in OCC and The University of Findlay will be the host school through the completion of the PharmD. No more than 15 students will be admitted annually to the program.

1. Enrollment at OCC

- a. Students must meet admission criteria established by OCC for acceptance into the Associate of Science degree (prescribed Pre-Pharmacy courses). OCC shall have the exclusive authority to determine any entrance criteria for students seeking admission to OCC.
- b. Students participating in the program should take the classes as outlined within the transfer guide (Appendix A) to ensure UF's Doctor of Pharmacy pre-professional coursework is completed prior to transitioning to UF's program.

2. Gaining Admittance into UF's College of Pharmacy

- a. Students admitted to the Associate of Science degree (prescribed Pre-Pharmacy courses) may apply for admission to UF's College of Pharmacy. Admission into UF's College of Pharmacy may occur on a rolling cycle any time from the start (directly from high school) or during the first two years of undergraduate coursework.
- b. After the application is received and reviewed, qualifying students will be invited by UF's College of Pharmacy to interview and complete an admission essay.
- c. Once the interview and admission essay are complete and reviewed, admission will be offered to qualified applicants. Entry into the first-professional year (P1) of UF's Doctor of Pharmacy degree program; however, is contingent upon successful completion of all academic and non-academic requirements.
- d. Students in the program will be required to pay an enrollment deposit to UF's College of Pharmacy. The enrollment deposit must

be paid by May 1<sup>st</sup> of the summer prior to matriculation into the first-professional year at UF. If the enrollment deposit is not received by this date, a seat in UF's College of Pharmacy cannot be guaranteed.

3. Transition from OCC to UF's College of Pharmacy

- a. Matriculation to the P1 year at UF will occur for students who successfully complete the OCC courses as outlined in Appendix A and fulfill other progression requirements for UF's College of Pharmacy outlined in the UF catalog and College of Pharmacy Student Handbook.
  - i. College-level coursework completed prior to enrollment at OCC and accepted by OCC in fulfillment of OCC courses included in Appendix A will be acceptable for this purpose.
  - ii. Through this Agreement and by the following attached transfer guide (Appendix A), OCC students may earn an Associate of Science degree (prescribed Pre-Pharmacy courses) from OCC within two years, a bachelor's degree from UF within four years, and a Doctor of Pharmacy from UF within six total years.
- b. UF will identify acceptable prerequisites to matriculate into the P1 year including:
  - i. Completion of approved OCC courses (Appendix A) and matriculation into the program.
  - ii. Fulfillment of all admission and progression requirements and standards as defined by UF for matriculation into the first-professional year (P1) of UF's Doctor of Pharmacy degree program.
- c. At the completion of all UF College of Pharmacy pre-professional degree requirements at OCC and just prior to the beginning of P1 courses, program students who are admitted into UF's Doctor of Pharmacy degree program will participate in mandatory orientation.
  - i. Students will be subject to the UF Undergraduate Catalog in effect at the time of admission to the program, which may pre-date the time of enrollment at UF.

4. OCC Students Not Admitted into the Program

Any additional OCC students who meet UF's College of Pharmacy admission requirements and who are not selected program students (e.g., in the event more than 15 qualified students desire enrollment in the program), will be considered for admission based on the number of seats available in the first-professional year (P1) of UF's six-year Doctor of Pharmacy program and will follow the standard transfer admission process at UF.

5. Professional Development Opportunities

Program students at OCC may participate in pre-pharmacy professional development opportunities available at UF. Some participation, such as membership in student pre-pharmacy organizations, may be limited until matriculation.

6. Program Resources

OCC agrees to provide the physical facilities, faculty, administrative support, equipment, supplies, and other resources necessary to provide the students enrolled in the program with general education and support courses (e.g., natural sciences, mathematics, humanities, social sciences-both required and elective), which shall consist of a minimum of 62 semester credit hours. Tutoring and related learning resources for general education and support courses shall be available to program students under the same conditions applicable to all OCC students.

7. Students Enrolled in the Program

Students hereunder are subject to the policies and procedures of OCC while enrolled in OCC courses. Students hereunder are subject to the policies and procedures provided in the UF catalog and College of Pharmacy Student Handbook while enrolled in UF courses.

8. Sexual Harassment and Discrimination

The Parties agree that program faculty and administrators will be trained in their responsibilities to prevent and address sexual harassment and discrimination. The Parties further agree that program faculty and administrators will be required to report potential harassment and discrimination that involves students within the program to the Title IX Coordinators for both OCC and UF immediately upon notice of prohibited conduct or allegations thereof. The Coordinators will collaborate to resolve allegations promptly and equitably under the Parties Title IX policies, and to provide supportive measures designed to ensure continuing access to the program as appropriate. When appropriate, the Parties may conduct concurrent investigations under their respective policies. The Parties shall share all information they acquire during investigations, subject to the Parties' student and employment privacy policies, and State and Federal laws and regulations. If any investigation results in a finding of responsibility, the Parties will take actions to eliminate the harassment, prevent its recurrence, and remedy its effects. Such actions may include restorative remedies for those aggrieved, as well as disciplinary remedies against the violator-up to and including removal from the program.

9. Standards of the Program

The program shall be operated in conformity with all applicable laws, rules, regulations, and accreditation standards, including, but not limited to, the requirements of the State of Ohio Department of Higher Education and the Higher Learning Commission. OCC and UF shall each have

complete oversight and accountability for those aspects or components of the program for which it is the lead institution, including curriculum requirements, course content and credit, degree requirements, and faculty qualifications.

10. Curriculum

Both OCC and UF have prepared and shall maintain, so long as the program is in full force and effect, a complete curriculum for the program. The curriculum for the program has been and will continue to be developed in accordance with usual academic procedures, processes, and guidelines of OCC and UF. Periodically, OCC and UF shall review the program curriculum, via the Dean of the College of Pharmacy or designee at UF and the Dean of STEM at OCC, to confirm that the program curriculum continues to meet the standards of, and is in accordance with, procedures and policies of OCC and UF, as well as applicable accreditation regulations and guidelines. The curriculum and requirements of the program will be revised in the following manner: (a) modifications to Appendix A's general education pre-professional requirements will be proposed and evaluated in a collaborative manner by UF and OCC; (b) pharmacy degree requirements will be proposed by UF; and (c) UF will propose support courses in collaboration with OCC. Other revisions will be determined jointly by the Parties.

11. Evaluation of Student Performance

Periodic evaluation of student performance and progression in the program is an integral part of the program and is the responsibility of both OCC and UF. Accordingly, OCC and UF shall establish criteria for the evaluation of student performance and progress within their respective areas of responsibility. A program for academic advising for all students in the program shall be established by OCC and UF. Modifications in evaluation or advising program requirements shall be determined via the Dean of the College of Pharmacy or designee at UF and the Dean of STEM at OCC.

12. Student Records

OCC and UF will each maintain records for their respective degree program: the Associate of Science degree (prescribed Pre-Pharmacy courses) will be maintained by OCC and the Bachelor of Science and Doctor of Pharmacy degrees will be maintained by UF. Both Parties shall maintain all records necessary to comply with accreditation and other requirements related to the program, including, without limitation, application for admission and academic records of each student enrolled in the program. Courses and credits earned by students in the program shall be posted to students' transcripts and maintained in perpetuity in accordance with normal practices of OCC and UF. Both OCC and UF will maintain complete and accurate records of their recruiting and other activities relating to the

program. Students in the program shall be informed that OCC and UF have access to each student's complete record, regardless of where the information resides. All student records shall be available for use by authorized employees of the other party upon reasonable notice during normal working hours and subject to the Family Educational Rights and Privacy Act (FERPA) and other applicable privacy laws. OCC and UF recognize the need to respect sensitive information and agree to only share and/or distribute information that is essential to the effective operation of the program and agree to provide such information only to those employees and/or agents with whom it is essential for such information to be shared. Students in the program will need to sign a release permitting such information sharing between OCC and UF.

13. Tuition and Fee Reimbursement

OCC and UF agree that tuition and fees for the program shall be set by OCC while the student is pursuing the Associate of Science degree. OCC will bill and collect all tuition and fees pertaining to the program while the student is enrolled at OCC. Student tuition and fees upon entry into the P1 year at UF will be determined, billed, and collected solely by UF.

14. Operating Costs

All direct and indirect operating costs associated with the program will be the responsibility of the party incurring the expense, except for common program costs as provided hereinafter. Direct costs are those that relate specifically to the program. Indirect costs are those costs that both Parties have had and will continue to incur as a result of other programs and services traditionally provided (i.e., financial aid). Common program costs include, but are not limited to, preparation of common brochures, marketing costs, consultants, and legal fees (to the extent such legal costs pertain to services provided with respect to issues common to both Parties) and will be paid one-half (1/2) by OCC and one-half (1/2) by UF unless otherwise agreed upon. OCC and UF will need to agree on all Common program costs prior to them being incurred by either Party.

**B. ADVISING**

1. OCC and UF will provide advising services for interested students
2. OCC will provide students with advising materials, including the specific admission, course, and GPA requirements for the program.

**C. MARKETING AND RECRUITMENT**

1. OCC will provide UF with marketing material necessary to advertise and promote this Agreement. OCC will seek approval from UF prior to official production and distribution of marketing materials related to this Agreement.

2. UF will seek approval from OCC for any marketing materials produced by UF related to this Agreement.
3. Upon execution of this Agreement, each party to it may publicize the program.
4. UF's name or trademark (including names of academic programs, departments, athletic teams or any recognized club and organization affiliated with UF) may not be used without prior express written permission from UF's authorized designee in the Office of Marketing and Communication. To obtain this permission, submit a written request, along with print-ready proofs via email (preferable) to [marketingsupport@findlay.edu](mailto:marketingsupport@findlay.edu).
5. OCC's name or trademark (including names of academic programs, departments, athletic teams or any recognized club and organization affiliated with OCC) may not be used without prior express written permission from the OCC Office of Marketing and Communication. To obtain this permission, submit a written request, along with print-ready proofs via email (preferable) to Andy Woodard (Phone: 567.661.7149. Email: [andy\\_woodard@owens.edu](mailto:andy_woodard@owens.edu)).
6. OCC, for purposes of marketing and recruitment, will allow UF's Office of Admission staff and faculty representative to visit campus to meet with prospective students to discuss the College of Pharmacy, entrance requirements, financial aid, and other related enrollment information regarding the program.
7. OCC, for the purposes of marketing and recruitment, will allow UF's College of Pharmacy staff and faculty to visit OCC at least annually to provide a review of UF's Pharmacy Degree Program requirements and updates with members of the Office of Admission from OCC and their faculty representatives.

#### D. ADDITIONAL TERMS

1. Accreditation: Both Parties shall maintain all necessary and required accreditations, including state, regional, and specialty accreditations, with the appropriate accreditation agencies. In the event either party's accreditation is revoked or otherwise limited, the other party may terminate this Agreement immediately upon written notice. In the event of such termination for loss of accreditation, all participating students shall be accommodated to the extent possible at the institution that remains appropriately accredited.
2. OCC and UF shall inform their respective students that they are to comply with written policies and procedures of the other.
3. Both Parties and their employees shall conduct themselves in compliance with all applicable federal, state, and local laws, rules, and regulations in compliance with the standards, rulings, and regulations of the applicable

accrediting agencies, departments, boards, as well as their own respective institutional rules, regulations, and bylaws.

4. The Board of Trustees at OCC and UF shall have exclusive control of the respective institutions. No party by virtue of this Agreement assumes any liability of any debts or obligations of a financial, legal, moral nature incurred by the other party to the Agreement. Neither party intends for this Agreement to alter in any way their respective legal rights or their obligations to one another, the students and faculty assigned to the respective institutions, or to any third party.
5. Each respective institution remains responsible for the enforcement of its rules and policies related to admission and matriculation. Each institution may recommend to the other the withdrawal of a student if the student's achievement, academic progress, or adjustment of the student does not warrant continuation or if the student's conduct fails to conform to applicable regulations of the respective institutions. Such recommendation shall be in writing and shall specify the basis for the recommendation.
6. The faculty of the respective institutions shall have the right to ascertain if the objectives of the institution's academic programs are being met.
7. Nothing in this Agreement shall be intended to create a joint venture relationship nor anything other than a relationship between the Parties as independent contractors and no employee, agent, or student shall misrepresent themselves as having an association with the other institution.
8. Each party shall be solely liable for its own debt, obligations, acts, and omissions, including the payment of all liability, withholding, social security, worker's compensation, or other taxes or benefits on behalf of its employees.
9. The Parties acknowledge that each participates in various third-party payment programs and agree to fully cooperate with each other in providing any other assistance needed to meet the requirements for such participation.
10. Each paragraph of this Agreement is severable from all other paragraphs. In the event any court of competent jurisdiction determines that any paragraph or subparagraph of the Agreement is invalid or unenforceable for any reason if same should occur by operation of law, all remaining paragraphs and subparagraphs will remain in full force and effect.
11. The failure or delay of either party to exercise any right, power, or privilege under this Agreement shall not operate as a waiver of any such right, power, or privilege.
12. This Agreement shall be governed by and construed pursuant to the laws of the State of Ohio.

13. Nothing in this Agreement shall be construed to permit the assignment by either party of any rights or obligations hereunder, and such assignment is prohibited unless evidenced by the written consent of each of the Parties.
14. This Agreement contains all of the terms and conditions between the Parties and may be amended only in writing signed by an authorized representative of each of the Parties.

#### E. TERM AND TERMINATION

1. Term: The term of this Agreement will commence on the date it is signed by both Parties, and the term will continue from year-to-year until terminated in accordance with this Agreement.
2. Termination: OCC or UF may dissolve this Agreement by giving 180 days advance written notice to the cooperating institution's president or chief academic officer. Termination by either party must be done so as to allow all currently enrollment students to complete their program of study and obtain their degree under terms of this Agreement.

All notices required under this Agreement must be sent by registered or certified mail properly addressed, postage pre-paid, return receipt requested, or by expedited or personal delivery to the following or to such other address as either party provides from time to time.

Dr. Denise Smith, Vice President, Academic Affairs/Provost  
Owens Community College  
30335 Oregon Road  
Perrysburg, OH 43551

Dr. Christine Denecker, Vice President of Academic Affairs  
The University of Findlay  
301 Davis Street  
Findlay, OH 45840

OCC and UF are separate and independent institutions of higher education and by this Agreement both will continue to operate as separate institutions. In no event shall either party be liable for any incidental, indirect, special, or consequential damages, including, but not limited to, loss of use, revenue, profit, or savings.

Each party assumes full responsibility for the payment of all federal, state, and local taxes it incurs as a result of this Agreement.

Neither party shall discriminate on the basis of race, color, religion, gender, national origin, ancestry, age, marital status, physical or mental handicap, an unfavorable

discharge from military service, or any other factor as prohibited by law, rule, or regulation.

IN WITNESS WHEREOF, the undersigned Parties, by and through their duly authorized officers, have executed this Agreement between OCC and UF.

| By completing an Associate of Science Degree (prescribed Pre-Pharmacy courses) at Owens Community College including the list of courses above, students entering The University of Findlay based on this Agreement will satisfy the following set of requirements at The University of Findlay to earn a Bachelor of Science degree with a major in pharmaceutical sciences:                                                                                   |                                               |           |
| <b>Bachelor's Degree Requirements</b>                                                                                                                                                                                                                                                                                                                                                                                                                          |                                               |           |
| 3. Successful completion of the CORE+ Curriculum for General Education for a baccalaureate degree;                                                                                                                                                                                                                                                                                                                                                             |                                               |           |
| a. At least 42 semester hours of approved courses as indicated within the following outcomes for at least 3 semester hours in each CORE+ outcome. Some of the courses selected to meet CORE outcomes may require the completion of a course prerequisite (see C2 and O2 examples). Students should refer to the selected course's description to determine if a course prerequisite is required prior to enrolling in the course selected to meet the outcome. |                                               |           |
| The C, O, R, and E outcomes will be waived for those students who have earned an Associate of Arts or Associate of Science degree from an institution within the University Systems of Ohio.                                                                                                                                                                                                                                                                   |                                               |           |
| Students entering The University of Findlay based on this agreement will satisfy the Doctor of Pharmacy's CORE requirements based on completing Findlay's Bachelor of Science degree with a major in pharmaceutical science. If a bachelor's degree is not earned, then the student will be required to complete the Doctor of Pharmacy's CORE requirements.                                                                                                   |                                               |           |

# OCC and UF Associate Degree to PharmD Agreement FINAL 10 March 2026

Final Audit Report
