

BUSINESS ADMINISTRATION

ACCOUNTING EMPHASIS

University of Findlay

Program Overview

A Bachelor of Science in Business Administration with an Accounting Emphasis will prepare you for a variety of positions such as a public accountant, auditor, or financial officer. Undergraduate students in the College of Business and Humanities work towards earning a Bachelor of Science in Business Administration with an emphasis in an area of their choosing. Findlay provides accounting and business courses that exceed the requirements for Ohio Certified Public Accountant (CPA) academic requirements. If interested in obtaining the CPA license, you can join the CPA track program, which combines an undergraduate degree specializing in accounting with an MBA (4+1) program. If you're interested in sitting for the CMA (Certified Management Accountant) exam, you may take it as an upperclassman upon recommendation of your adviser or upon graduation.

"Prepared me for the real world."

"UF's College of Business has already prepared me for the real world with just a few semesters under my belt. I've learned how to build connections, maintain a strong work ethic, not be afraid to take a big leap, and so much more. I'm forever grateful for what the COB has provided me with this far and cannot wait to see what the future holds."
