

February 7 Campus Updated Regarding COVID-19

As we begin the fifth week of the spring semester, we would like to share these reminders and updates regarding COVID-19:

[Oiler Start Safe & Stay Safe Plan](#) – the site continues to be updated regularly. The campus community is encouraged to review the webpages for the most up-to-date information.

[At-home COVID-19 Tests](#) - As a reminder, the U.S. Government launched its website for *households* to order four, free at-home COVID-19 tests. More information can be found here: <https://www.covidtests.gov/>.

Please remember that if you test positive for COVID, you need to inform the Cosiano Health Center (419-434-4550). If you are a UF Employee, please also contact Human Resources (419-434-6964) to determine if work accommodations or leave options are needed.

[Face Covering Guidelines](#)

Vaccinations and Boosters

The University strongly encourages individuals to be fully vaccinated and to get the booster. Employees, including student workers on campus, are required to submit their vaccination status via Workday. Hancock Public Health is offering COVID-19 Walk-in Clinics three days a week. More information can be found [here](#).

- 1/30-2/5: 15**

CHANGE FROM PREVIOUS WEEK:
DOWN 45 ACTIVE CASES

Current COVID Information for Hancock County

Given that Hancock County continues to have a classification of “HIGH” for community transmission, we would advise the use of face coverings indoors off campus too.

The University continues to be in communication with Hancock Public Health. We continue to monitor developments in the COVID-19 pandemic and will communicate any necessary updates in a timely manner. Thank you for your help in keeping Oiler Nation healthy.

Sincerely,

Skylar Mettert, MAE
 Associate Vice President for Safety & Wellness
