

## October 25 COVID Case Update

As we begin the eleventh week of classes, we would like to share the following reminders and updates regarding COVID:

### **Face Coverings are Required Indoors**

We have been receiving quite a few concerns regarding people not following the face covering campus policy. ***Wearing face coverings indoors is REQUIRED per the following policy:***

Anyone (including but not limited to all students, employees, contractors, vendors, suppliers and visitors) entering any campus building, including office buildings, academic buildings, recreational facilities, and housing facilities, must wear an appropriate face covering.

- The face covering must be worn in all classrooms, hallways, public spaces, and common areas, as well as shared office spaces.

The only times face coverings are not required to be worn are as follows:

- When outside.
- By employees working alone in their offices.
- By resident students in their own on campus housing area (visitors to housing areas must wear face coverings).
- When participating in activities in which a face covering cannot be worn or would prohibit respiratory function (while in the act of eating, drinking, playing a musical instrument or singing, exercising, playing sports).
- By individuals with a federally recognized disability and/or an accommodation that prevents them from wearing a face covering. Exceptions from the state government or other federal guidelines may also apply. Those that need accommodations should contact [Human Resources](#) (employees) or the [Office of Accommodation and Inclusion](#) (students).

### **COVID Testing and Cases on Campus**

For the week of October 17 – October 23:

- 44 COVID tests were done at Cosiano
- 7 new positive cases were identified (there were 16 additional active positive cases continuing from the previous week)
- In addition to the above information, below is a summary of athletic team testing that has taken place since August:

DATE	NUMBER OF TESTS PERFORMED	TYPE OF TEST	NEGATIVE	POSITIVE
8/21/2021	12	Antigen	12	0
9/1/2021	54	Antigen	54	0
9/2/2021	14	Antigen	12	2
9/6/2021	4	Antigen	4	0
9/8/2021	13	Antigen	13	0
9/13/2021	35	Antigen	35	0
9/14/2021	10	PCR	10	0
9/15/2021	14	Antigen	14	0
9/22/2021	4	Antigen	4	0
9/30/2021	12	PCR	12	0
10/4/2021	5	Antigen	5	0
10/5/2021	10	Antigen	10	0
10/6/2021	5	Antigen	5	0
10/7/2021	11	Antigen	11	0
10/11/2021	112	Antigen	110	2 (1 false positive after PCR)
10/13/2021	16	Antigen	16	0
10/13/2021	3	PCR	3	0
			330	4

***Please remember that if you test positive for COVID, you need to inform the Cosiano Health Center (419-434-4550) so contact tracing can be initiated. Instructors are also being asked to keep seating charts for classes in order to assist with the contact tracing process. If you are a UF Employee, please also contact Human Resources (419-434-6964) to determine if work accommodations or leave options are needed.***

### **Vaccinations and Boosters**

You can contact the following locations for COVID vaccine and booster availability information:

- Kroger: [www.kroger.com/ohiocovidvaccine](http://www.kroger.com/ohiocovidvaccine) or by calling 866-211-5320.
- CVS: [www.cvs.com/vaccine/intake/store/covid-screener/covid-qns](http://www.cvs.com/vaccine/intake/store/covid-screener/covid-qns) or by calling 1-800-746-7287
- Walgreens: [www.walgreens.com/covidvaccine](http://www.walgreens.com/covidvaccine)
- Rite Aid : <http://riteaid.com/ohio>
- Meijer: <https://clinic.meijer.com/>
- Walmart: [walmart.com/covidvaccine](http://walmart.com/covidvaccine)

### **Contact Tracing Information**

- Universities follow different guidelines than K-12 schools (e.g. a close contact is labeled as one closer than 6 ft for 15 minutes or more total time in the day regardless of wearing a face covering).
- Fully vaccinated individuals who get classified as a close contact do not need to quarantine. Instead, they should wear a face covering for 14 days from the last date of contact. Cosiano must have proof of vaccination.
- Non-vaccinated asymptomatic close contacts may now quarantine for 7 days after the last date of contact and then test between days 5-7. If they test negative and still have no symptoms on day 7, they may be released from quarantine starting on day 8. They should wear a mask for 14 days from last date of contact.
- The UF Telehealth department will continue to do contact tracing for UF students/employees.
- Cosiano does have home tests that they can provide to asymptomatic people.

- Individuals required to quarantine should quarantine in place.
- Individuals required to isolate are encouraged to do so at home.

### Current COVID Information for Hancock County

Given that Hancock County continues to have a classification of “HIGH” for community transmission, we would advise the use of face coverings indoors off campus too.

We will continue to share updates as needed, and appreciate your cooperation. Thank you for your help in keeping Oiler Nation healthy.

Regards,

**David Emsweller**

Vice President for Student Affairs and Enrollment Management
