

September 21 COVID Case Data Update

To the UF Community:

As we start the sixth week of classes, I want to share current COVID-19 data from the Cosiano Health Center by directing you to our [COVID-19 Dashboard](#) which provides previous week and cumulative data. Last week, we administered 78 tests. There are currently 6 active cases on campus. This web page will be updated each Monday.

As we continue to try and prevent the spread of COVID-19, we need everyone in Oiler Nation to commit to doing the following things every day:

- On campus
 - Wear a face covering *inside* all buildings (classrooms, hallways, offices, public spaces, and common areas).
 - Wear a face covering *outside* when safe physical distancing from others (at least six feet) is not possible.
- Off campus
 - Wear face coverings as required by the state of Ohio.
 - Maintain physical distance when around others.
 - Avoid group gatherings.
- On or off campus
 - Use the [Daily Health Monitoring Tool](#) every day.
 - Follow the [Oiler Pledge](#).

If you would like to access any of the other campus updates that have been sent out over the past months, please visit the [Coronavirus Disease \(COVID-19\) Information](#) web page. Links to all updates are located in the Campus Communications section. If you have suggestions or questions, please email them to coronavirus@findlay.edu. Additionally, we would encourage you to download the Oiler Mobile App (available at App Store and Google Play), and enable push notifications. As always, thank you for your understanding and thoughtful feedback.

Regards,

David Emsweller

Vice President for Student Affairs
